

bSquared Credit

CREDIT RESTORATION PROGRAM

Credit Consulting • Credit Dispute Services • Debt Settlement

1.800.604.0270 - www.b2cr.com

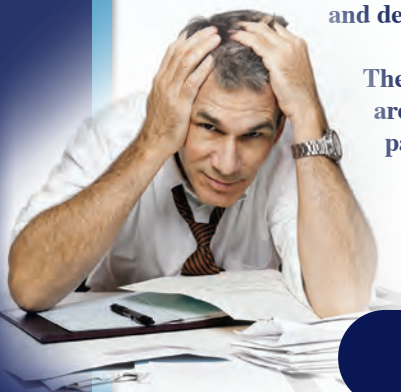

Having bad credit can cost you! You'll pay higher interest fees for a car loan, mortgage, and for each credit card you use - IF you're approved in the first place.

But did you know that having bad credit can also jeopardize your future earning potential? More than half of today's major companies are using background checks in their pre-employment screenings, especially for military clearances. With your permission, a potential employer can check your credit history as part of the job application and decision making process. *WHAT WILL YOUR CREDIT REPORT SAY ABOUT YOU?*

The credit experts at bSquared Credit can help. We don't believe a bad credit report should define who you are or prevent you from achieving your goals, especially if it's based on erroneous, inaccurate, or out-dated payment information. *WITH OUR HELP, YOUR CREDIT REPORT WILL REFLECT THE REAL YOU.*

Over the past two decades our credit experts have helped thousands of clients improve their credit ratings by perfecting the credit repair strategies and techniques that deliver exceptional results. Usually within a few weeks, our clients start seeing results that positively impact their credit ratings and their lives.

Take control of your credit; don't let it control you.

Why do the majority of home owners depend on real estate agents when listing or buying their homes? Because they trust industry experts to get the best results, faster. Similarly, credit repair should not be undertaken as a "do it yourself" project. It's complex, overwhelming, and sometimes, embarrassing. Let the experts at bSquared Credit start working today to improve your credit report while you go about your everyday business.

We're Different

bSquared Credit offers credit repair services, but our core business is credit consulting. We begin each engagement by getting to know our program candidates and understanding their unique credit goals and credit histories.

40% of the time we do not recommend our repair services. For these consumers we provide complimentary guidance to help them improve and restore their own credit. For the candidates who do qualify and enroll in our program, we immediately initiate personalized credit repair strategies. As a bSquared Credit client you can expect to start seeing results within 2-6 months. You pay only for the months of service required to meet your goals, nothing more. If we need to continue past the 6-month time frame we will do so at no additional cost. If we complete the process prior to 6 months we will discontinue billing.

We're Experienced

Our management team alone has more than 35 years of collective experience in FICO scoring, credit repair, debt settlement, underwriting, and fraud management. We fully understand the Fair Credit Reporting Act which protects a consumer's right to a fair and accurate credit report, and we have long-standing relationships with all 3 credit bureaus. We are dedicated to providing our clients with the best service possible and we adhere to laws that govern credit repair and protect personal data.

We're Effective

Because we pre-screen and qualify candidates prior to approving them for our services, we expect to get significant results. Unlike other companies that see every candidate as a paying customer, not knowing if they can deliver desired results, bSquared Credit has an 80% average fix or derogatory deletion rate with all deletions being permanent. And, 30% of new clients are referred to us by past clients. We encourage you to visit our website to read their testimonials: www.bsquaredcredit.com.

**Call us at 800-604-0270 to start taking control of your credit today.
You don't have anything to lose...but interest!**

The Dispute Process

Here's How It Works:

PRE-ENROLLMENT

1. Give us a call at 760-642-3182 or 1-800-604-0270 to discuss your credit goals.
2. Provide us a copy of your credit report so we can review your credit history.
3. Based on an evaluation of the information you provide, we'll determine if you are a good candidate for our repair services. Remember, we only accept clients for whom we expect to achieve desired results. If you do not qualify for our program, we will provide complimentary guidance to help you improve your credit on your own.

ENROLLMENT

4. If we are confident our experts can help achieve your credit goals, enrollment can begin. Simply go to www.b2cr.com and click on the "Get Started" tab. There, you'll be required to upload the proper identity documents and sign the e-Agreement via our secure web portal.

RESTORATION

5. bSquared Credit will develop and send customized dispute letters to all 3 credit bureaus challenging each of your derogatory items, citing the relevant credit reporting laws and regulations. As you receive responses from the credit bureaus, provide them to us for processing.
6. You may track your progress 24/7 via our secure online portal while we are managing the dispute process.

NEXT ROUND REVIEW

7. Before the next round begins, we'll provide you with a complete review of the progress and the results we've achieved to-date. As needed, we'll repeat Steps 5-6. You have our commitment that we will not stop or ease-up on our dispute efforts until the process has delivered your desired results or until we have exhausted the dispute process.

Do you have trouble getting loans?

Are you paying high interest rates?

Is a bad credit score affecting your life?

If you answered "Yes" to any of these questions,

**bSquared Credit
CAN HELP**
