

# Happy Maids Cleaning Specifications- Deep Cleaning

Our Deep Cleaning service offers an extra level of detail and is the most popular choice for our customers. It must have before starting one of our maintenance programs. With Deep Clean, we hand wash and scrub all problem areas. Kitchen and bathrooms are given extra attention. We use brand name green cleaning supplies. We're happy to discuss your cleaning needs over the phone, give you a quote, and schedule service. On maintenance programs we can set up a rotational schedule so specific rooms are deep cleaned on specific weeks, ensuring that all areas of your home get deep cleaned on a periodic basis.
