

CULINARY ARTS PROGRAM

SUPPORTED EMPLOYMENT PROGRAM
PROGRAM DETAILS

A Special Opportunity for the Longmont Community! OURCenter.org/CulinaryProgram

One of the driving forces behind the OUR Centers' Culinary Art Program was due to local Longmont food services' (restaurants, hotels, caterers, etc.) request for quality and long- term culinary employees. According to the food service industry in Longmont, this is currently one of, if not the biggest, challenge facing them.

The goal of this new program is to prepare underemployed, unemployed, previously incarcerated persons and/or homeless adults for careers in the food service industry. This 12-week program will help change lives by giving those with an interest in the culinary arts a skill for life.

HOW YOU CAN GET INVOLVED

- Host an Internship
