

G. Brad Cummins, MD

All of our treatments are directly performed or supervised by Dr. Brad Cummins MD, who has over 18 years of clinical experience and has been trained by world renowned dermatologists and plastic surgeons.

Dr. Brad is Certified by the American Academy of Aesthetic Medicine and an active member of the American Society of Bariatric Physicians and the American Academy of Anti-Aging Medicine. He is an expert in cosmetic laser procedures, cosmetic injectables, sclerotherapy, mesotherapy, medical weight loss and hormone therapies, focusing on natural, long term results, disease prevention and longevity.

"It is my goal to educate and assist you on a journey to slow and, indeed, reverse the aging process, to prevent disease, and to live a healthier, more vibrant life. Our approach ensures ideal hormone balance, weight control, and safe, effective aesthetic treatments to dramatically improve one's energy level, youthful appearance, libido, and overall health and vitality."

Customer Reviews

"The staff at RevitaLifeMD is wonderful to work with. They are very pleasant and professional. Before beginning a treatment plan they consult with you to determine what your issues are and then set up the best road map for helping you achieve your goals. I have been very pleased and plan to expand my use of their services." CS

"I could totally see a difference in my skin, after one treatment. Office staff is delightful, and Doctor Cummins is knowledgeable, very professional and completely charming. Very impressed by the comradere of his staff, just an all over very positive experience. Looking forward to ALL my following appointments. Thank's so very much." KD

"Under Dr. C's care I lost 50 lbs in 8 months. I cant say it was easy but it can be done. Will power also played a roll, but when you are under the watchful eye of Dr. C and held accountable, it makes it so much easier. I would recommend this program to anyone with a weight problem." SS

Freeze Time, Reverse Aging™

Venus Freeze:
 Thermal Magnetic Rejuvenation

Exclusively in Kentucky at RevitaLife MD, This revolutionary, pain-free technology offers non-invasive skin-tightening, cellulite and circumferential fat reduction. Penetrates deeply, quickly, comfortably and safely into the skin to achieve optimum results.

RevitaLife Nonsurgical Facelift

Corrects pigmentation & wrinkles, restores volume and shape. Includes skin resurfacing along with Platelet Rich Plasma (PRP) skin regeneration. Completed by a biofacial serum and collagen mask.

Advanced Cellulite Solutions

Our comprehensive protocols are unique and can produce FAST RESULTS. We combine Mesotherapy and Advance Topicals with FIVE ENERGIES in order to improve cellulite in as little as 30 days.

Advanced Acne Solutions

Severe acne can cause permanent scarring in less than one year, causing social withdrawal and even depression. The leading TV acne treatment teaches basic principles of cleansing, toning, exfoliation, and protection from sun exposure, but it only includes one active ingredient, Benzoyl Peroxide. There are many more effective options, and you may be waiting months to see a Dermatologist. Don't wait! We can get your acne under control *right now* and prevent lifelong, permanent scarring.

Cutting-Edge Hair Loss Treatments

By the time hair loss or thinning is noticeable, almost 50% of your hair could be gone. Hair Loss affects over 80% of men and HALF OF ALL WOMEN over 50 years of age. Genetic hair loss testing can predict hair loss BEFORE it is seen and prompt effective treatments. We specialize in advanced, prescription topical and oral medications, injectables, laser hair therapy, and Platelet Rich Plasma (PRP) hair regeneration therapy.

Executive Wellness & Weight Loss

Our executive wellness programs include HCG and prescription weight loss programs, meal replacements, and vitamin injections for a complete wellness solution.
