MUSEUM EXPANSION OPEN HOUSES

Would you like to help shape the future of the Museum? Since our expansion in 1992 Loveland has grown from 38,500 to 75,000. We can no longer meet demands for exhibit space, classes, programs and events. And our building limitations prevent us from acquiring loans for exhibits.

To better understand the community's needs and expectations, a number of stakeholders were interviewed earlier this year. This critical feedback, combined with the observed experiences of Museum visitors, developed a picture of the limitations of the current building.

Their valuable observations were a good beginning, but we would like your opinions. What would you like to see in your Museum? Do you like our ideas? Is there something we're missing?

We invite you to join us for two Open Houses in January. Information on dates and times can be found on page 11. Please help us plan the future. We want your ideas!

RICHARD SCHILLING

PASSPORT TO PAINTING

On view through February 19, 2017

MAIN GALLERY

Exhibit Admission: \$5, free for Museum members

EXHIBIT FREE DAYS: Thursday, January 12 and Tuesday, February 14

Free admission during *Night on the Town* on Fridays, January 13 and February 10 from 6 – 9 pm

This retrospective exhibit includes more than 100 works of art including watercolor, oil, pastel and ink drawings, wood sculpture, a display of sketchbooks, and diary entries from artistic journeys and charitable associations. Seen together, these components form a narrative of a life defined by art, the love of nature, and the value of service to those in need. From Africa to the prairies of Nebraska, Schilling captured his encounters through beautifully wrought sketchbooks and impressionistic landscapes.

Dr. Richard Schilling was born and raised in Nebraska and earned his bachelor's and doctorate of dental surgery degrees from the University of Nebraska-Lincoln. Now retired from dentistry, Dr. Schilling is a lifelong artist. He has authored several articles and books about painting and sketching, including *Portraits of the Prairie* (University of Nebraska Press, 2011) and *Watercolor Journeys*, (North Light Books, 2003). Schilling has exhibited in solo and group exhibitions in Nebraska, New York, Texas, and Northern Colorado.

MARGARET K. HAYDON: CIRCLING

A HISTORY AS ART EXHIBIT

On view through April 23, 2017

MEZZANINE GALLERY

This exhibit explores the history of water use and conservation issues as seen through artworks by Margaret K. Haydon. Through scientific-based inquiry and research, Haydon employs various display motifs, combining classical sculptural forms with the organic shapes of the natural world, that highlight the impact of the developed world's perspective and use of water upon the environment, specifically that of the sturgeon and its habitat.

With this exhibit, visitors can explore a variety of conceptual subthemes ranging from the aesthetic aspects of water to those focusing on global warming, water politics, environmental justice, sustainability, and ecological water conservation efforts. Haydon's porcelain sculptures create a direct link to the historic nature of water usage along the Front Range, and in highlighting our long history of use and misuse, direct attention to a pattern of potentially damaging perspectives that affect our natural resources.

ARTIST TALK AND CLOSING RECEPTION

With Margaret K. Haydon

Friday, April 14, 5:30 pm

Margaret Haydon has been addressing environmental ideas through her visual art since 2005 when she was invited to install a solo exhibition at the White Sturgeon Art Gallery in Vancouver, Washington. Since that time, the sturgeon, an endangered northern hemisphere species, has been a central image in her work. As an indicator species, the health of sturgeon tells us a lot about the general health of a given riparian and marine system and the impact that changes such as damming, recreational use, over fishing, bank enhancement, and pollution can have.

RETABLO CARVING DEMONSTRATION

Catherine Robles Shaw

Saturday, January 14, 10 am – 4 pm

As a Santera (Saint Maker), Catherine Robles Shaw hopes to preserve some of the unique traditions of her Hispanic culture. Retablos are the story tellers of her ancestors and a natural extension of the beauty and simplicity of the Spanish culture. From 10 am –12:30 pm, Catherine will spend some time talking about how she got started making Retablos, the tools she uses, and how to make them. Then, from 12:30 – 4 pm, she will demonstrate carving, making homemade gesso and applying to the board surface, as well as painting, pinion varnish and the final details.

LIVING SAINTS: PHOTOGRAPHS BY ALEX HARRIS

On view through February 5, 2017

FOOTE GALLERY

The art of devotional objects is explored with a series of color photographs by Alex Harris from the collection of the Colorado Springs Fine Arts Center. In 1972, Harris made a rural Hispanic village high in the Sangre de Cristo Mountains his home and spent 20 years documenting the lives and culture of this Hispanic region. This series of photographs uncovers the many ways sacred images permeate everyday life and how they are intrinsic to the life of a community.

AWAY

AN INSTALLATION BY HEATHER FORTIN RUBALD

February 18 – April 30, 2017

GREEN ROOM GALLERY

Exhibit Celebration: Friday, March 10

Lecture by the artist: 6 pm

Public Reception 7 – 9 pm

When something gets discarded, where does it go? Not “away,” but in a landfill for years to come, with untold impact upon the environment. Loveland artist Heather Fortin Rubald adapts a process to re-use plastic bags as beautiful and functional works of art. In this exhibit, Heather uses this process to create a forest-like, immersive environment, taking visitors on a journey through a lovely tree-lined space. This delightful experience challenges people to consider the nature of our disposable world, to find value in the re-imagining of cast-off material, and to reflect on the kind of future we want for our children and our planet.

SPRING GIFT BOXES WORKSHOP

With Heather Fortin Rubald

Thursday, March 23, 5 – 7 pm

\$50 (\$40 for Museum Members)

Advance Registration Required

Post-consumer plastic bags are the choice media for artist Heather Fortin Rubald. Over the years, Heather has discovered that these bags are an iconic piece of everyday living and differ greatly in regards to logos, colors, and functionality. Heather keeps plastic bags out of landfills by creating stunning hand-crafted handbags and other products with function and fashion. In this workshop, she will show students how to design and fuse fabric from post-consumer plastic bags and then shape it into mini origami “take-out” style boxes that are just right for small treats or special gifts.

ARTIST TALK

With Heather Fortin Rubald

Friday, March 10, 6 pm

Heather Fortin Rubald has always enjoyed working with her hands and making something out of nothing—or what most people would consider nothing. For a variety of reasons, post-consumer plastic bags have eclipsed all other art media for her. The need to create and experiment, save money by not purchasing pricey art supplies, and her mother’s words all contributed to her desire to take something wasteful and turn it into something beautiful and functional. In this talk, Heather will talk about her process of experimentation and the calling she feels to work with the media of plastic bags. She estimates that in the last five years, she has single-handedly kept 50,000 bags out of the landfill. Her Museum installation used another 6,000-10,000 bags.

DREAMING IN COLOR: PAINTINGS BY MARY A. SHIVERS

February 25 – April 16, 2017

FOOTE GALLERY

Opening Reception: Friday March 10, 2017, 7 – 8:30 pm

Mary Shivers presents a series of paintings that place recognizable images in otherworldly context using layers of color and ambiguous settings, highlighting the depth of her design skill and use of perspective. Loveland artist Shivers paints animals and human figures, elongated and upended, that burst outward from a multi-colored, dreamlike landscape. Her synthesis of jagged edges and smooth organic forms creates an unexpected visual unity within her compositions, leaving viewers both invigorated by their energy and soothed by a beautiful balance of color and form.

This informal information gathering session will allow you to give your input without the pressure of talking in front of a group. Simply fill out sticky notes with your thoughts and help us decide which direction to go from here!

COLLABORATION WITH OFF THE HOOK ARTS

MYSTERIOUS AFFINITIES: INTEGRATING MUSIC AND ART IN EDUCATION

Presented by Off the Hook Arts
Thursday, January 26, 6 – 8 pm

FREE EVENT

"My paintings should make you think the way music does — simply through the *mysterious affinities*, the connections, that exist between our minds and the arrangements of colors and lines." —Paul Gauguin

Making connections is what creative thinking is all about. The nonverbal expression that music and the visual arts allow is often overlooked in conventional approaches to education; but as educators, we would do very well to illuminate connections across artistic disciplines. Join composer and narrator Bruce Adolphe as he explores the parallels in music and the visual arts with selections of his own music that has been inspired by visual art, as well as musical selections by Stravinsky and Debussy, and fine art selections by Rothko, De Kooning, Gauguin, Picasso, and more.

About Off the Hook Arts: Off the Hook Arts, a Fort Collins organization, serves to inspire a love of the performing arts through public concerts, education and interdisciplinary collaboration among the arts and sciences. For more information, please visit: offthehookarts.org

For tickets, please visit:

The Elders

Thursday, March 16, 7:30 pm

Now into their 18th year of making music together, The Elders return to the Rialto Theater once again for another evening of magic, mayhem, and songs of better days ahead. This sextet has developed a reputation for high-spirited live shows and for fostering a deep sense of community with their audiences. Their music draws from traditional Celtic fiddle tunes, American folk, rock, and bluegrass while creating story lines with vibrant narratives of history, legends, true-life experiences, and tall tales. With one foot in the past and one in the future, lead singer Ian Byrne, a native of Ireland, along with founding members, Brent Hoad, Norman Dahlor, Stephen Phillips, and relative new-comers, Kian Byrne and Diana Ladio, instinctively carry their genre of music forward with integrity and grace.
