Halo Transformation Opportunity

An absolutely incredible opportunity to experience our most transformative laser has come to our amazing clients at SRC!

Together with Sciton Laser, SRC is looking for FIVE unique candidates to participate in a nationally distributed **Halo Look Book** that will catalogue the amazing changes seen from a Halo laser treatment. Ideal candidates would include men and women of varying age and ethnicity, dealing with one or more of the following issues:
sun damage, large pore size, melasma, and/or moderate fine

Obagi 360 Exfoliating Cleanser

One of our newest launches in the cleanser department, this gently exfoliating and fresh gel cleanser is perfect for everyday and helps work your way to a healthy complexion!

Gentle exfoliation with the help of papaya based fruit enzymes slough away dead skin, dirt, and debris. If you're like us, and deal with oil or buildup in pores, consider this

lines. Ideal candidates would not have done a laser resurfacing or anti-aging treatment in the past. If chosen, the candidate will receive one complimentary Halo laser treatment customized to the needs of their skin (\$1700 value) as well as a \$500 gift card for completing their pre-treatment photos, day 1-5 photos, and their final 30 day photo at our clinic!

Before and after a Halo Laser Treatment

Candidates are also required to keep short diary entries of their post treatment experience during days 1-10. Each of the patients' experiences will be shared in a beautifully designed Sciton Halo Look Book and will culminate in a professional photo shoot and grand reveal at our Red Carpet Event in February!

This truly amazing opportunity will fill up fast, so if you believe you are an ideal candidate and would like to be considered, please email your information along with a makeup-free photo taken within the last 30 days to our contest coordinator at jordan@skinrejuvenationclinic.net. Dr. Beth Hagberg will be assessing all photo entries and candidates will be selected by mid-October and will need to be treated by the end of October or the first week of November.

We also want to mention that this opportunity is not just for existing patients of Skin Rejuvenation Clinic. If you know of an ideal candidate who has not yet been to our practice, please forward this e-newsletter to them for more information.

Introducing ZWave Cellulite Treatment at SRC!

An amazing way to improve and enhance the results of your body contouring services or amazing as a stand alone treatment for cellulite, our new ZWave series is both a cutting edge and affordable option for amazing results.

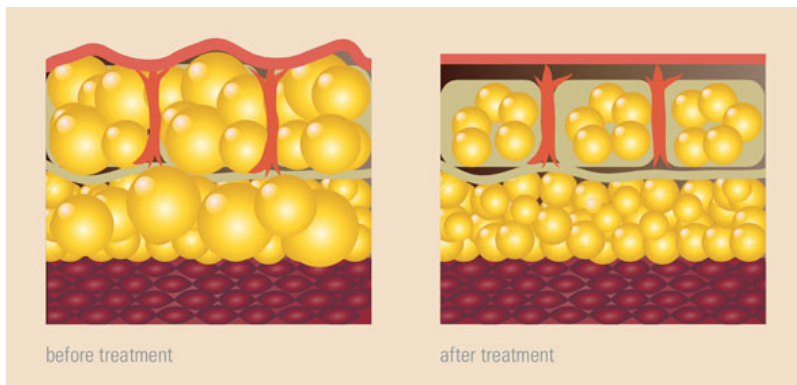

Introducing Debra and Carrie!

We're excited to announce the arrival of two new team members at SRC! Debra Rosholt and Carrie Francen have joined our patient coordinator team this fall and will become familiar faces as you stop in for your appointments. Feel free to say hi as we welcome these wonderful additions to our team!

Debra actually began her patient coordinator career with SRC five years ago and joins us again after spending time in both Nashville and Connecticut. Having served as a Patient Coordinator before, Debra has a knack for anticipating all of our patients needs and we are so happy to have her back!

Carrie comes to us from a background of esthiology and has always been passionate about skincare! After graduating from the Aveda Institute, she began her career as a laser tech in dermatology and esthetics. Carrie loves helping people look and feel their best!

ZWave, our most contemporary addition to our wardrobe of body services, has been making quite an impact on improving the look and appearance of cellulite. The non-invasive treatment is fast and affordable, with a shorter treatment time than a massage and starting at only \$50 an area! This service uses the pain free modality of radial shockwaves to begin restructuring the tissue that creates the unfavored bumpy appearance of cellulite and helps firm the connective tissue.

The ZWave can be used on multiple areas of concern, including abdomen, upper arms, hips, buttocks and thighs to diminish stubborn or disproportionate pockets of fat. Patients begin noticing shrinkage and tightening after a couple treatments, and smoothing and firming continue to improve with each successive treatment.

Breast Cancer Awareness Month with the Aspire Rewards Program!

This October every new patient enrolled in the Aspire Rewards Program will have a \$25 donation made by Galderma to the National Breast Cancer Foundation to support breast cancer awareness!

Aspire Rewards is an amazing source for savings when you purchase Dysport, Restylane, or Sculptra services in our clinic. Sign up easily at home or here on our ipad - it's completely free and provides up to hundreds of dollars in savings!

Learn more about this program at www.aspirerewards.com

This October get some of our best savings on Ultherapy yet, specials extended from September! Purchase a lower face (includes jawline and under chin) Ultherapy treatment and receive one of the following additional areas FREE:

- Upper Face (regular price \$1500)
- Full Neck (regular price \$2100)

Ultherapy serves as our gold standard for lifting and firming the skin without incisions. Using ultrasound technology, Ultherapy tackles moderate skin laxity on the face and neck, penetrating deeper than its laser-based treatment counterparts. Ultherapy treats just deep enough to stimulate the layer of the skin that produces new collagen (the same layer treated during plastic surgery) that lifts and supports the skin and is responsible for the skin's smooth, youthful appearance.
