

VISITOR, RESIDENT AND PACKAGE MANAGEMENT

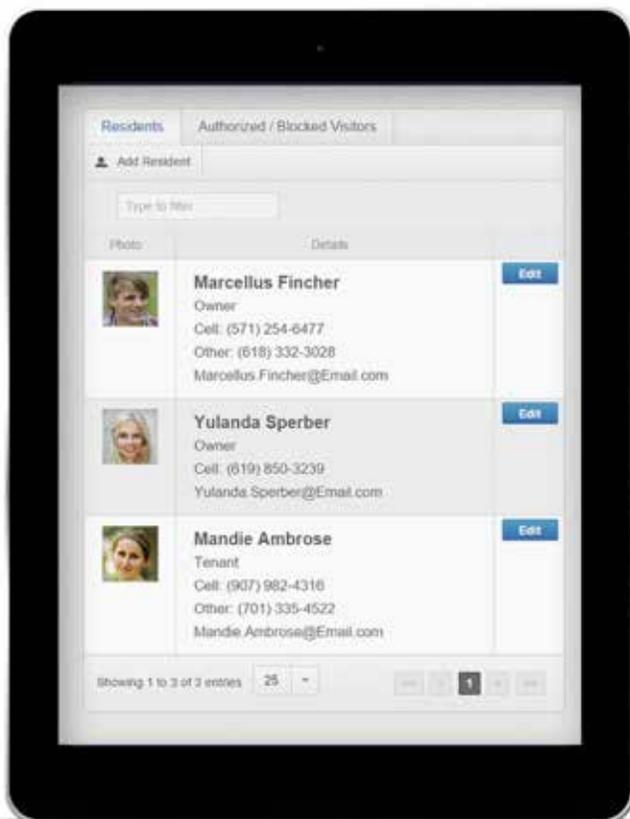

POWERED BY
TRACKTik
YOUR SIXTH SENSE.

You know you're managing your sites well if your residents have no complaints. You need to keep the wheels running smoothly, ensuring that buildings, people and property are safe. But you also need to keep costs down.

OUR SOLUTION IS TRACKTik

TrackTik's Visitor, Resident and Package Management module provides a cost-effective solution, empowering security personnel to handle concierge responsibilities, while providing you with tools to control the processes.

TrackTik's technology enables you to make information automatic and systematic, so guards know exactly what to do in any given situation. And it keeps detailed track of the flow of people and activities, so the risk of incidents to your property or your residents' property is minimized.

LOCK DOWN TRACEABILITY OF PACKAGES

- Package drop-off and pick-up management
- Barcode scanning
- Automatic resident notification on package arrival
- Inventory report and checklist printing
- Signature collection and search on pick-up
- Learning and training system

IMPROVE CONTROL OF ENTRY BY OUTSIDERS

- Visitor information collection via PC or tablet
- Visitor authorization lists and black-lists
- Visitor badge printing
- Collection of signatures and visitor pictures
- Visitor profiles for recurrent visitors
- Identification card and credential scanning

ENSURE RESIDENTS ARE RECOGNIZED AND INFORMED

- Tenant and owner profiles
- Parking space management
- Resident vehicle management
- Reporting can be linked to residents and units
- Notes on residents

In partnership with TrackTik,
we are proud to bring you innovative technologies adapted to your needs
